HOUSTONS' NURSERIES

MANSFIELD, CONNECTICUT

B. D. HOUSTON

President and General Manager

Our INFORMATION DEPARTMENT is absolutely free and at your service. Owing to the scarcity of space, we could give only a little general information and have found that a personal letter answering individual problems is very helpful.

Our terms are cash with order or C. O. D., shipped either by express or parcel post. PLEASE add to your remittance the few cents necessary to cover parcel post—which will insure safe and sure delivery.

As an inducement we will allow FIVE PER CENT DISCOUNT on all orders accompanied by cash during the months of FEBRUARY and MARCH.

Our Nursery is located two miles north of the Connecticut Agricultural College on the main main turnpike from Hartford to Providence.

**THIS CIRCULAR IS OUR ONLY
SALESMAN
WE EMPLOY NO AGENTS**

We could not afford to sell our stock as cheaply as we do if we employed agents, whose salaries and commissions often add 50 to 60 percent to the cost of the stock.

TO OUR CUSTOMERS AND FRIENDS—to our new patrons, to all who may be interested in fruit growing or beautiful surroundings, we extend our greetings with this bulletin, for the Spring of 1924.

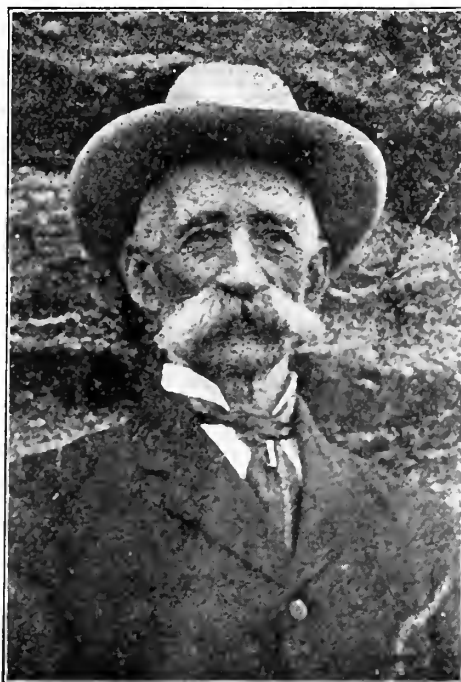

An illustrated catalog might be more pleasing to the eye, but more expensive, and, in saving cost to ourselves, we save cost to you by being able to sell our trees those few cents cheaper.

The majority of buyers know what they want and we are glad to advise those who are uncertain of the best varieties for home garden. We have tried to list only varieties which have been proven commercially. As new varieties are put on the market and their worth tried and tested, we shall add them from time to time. New varieties, until they become standardized oft prove expensive and unsatisfactory.

If you have no use for this circular, kindly pass it to a neighbor.

OUR BROAD GUARANTEE TO CUSTOMERS

Our guarantee is, we believe, one of the broadest and most liberal of any nurseryman in the country. Our guarantee means something to you, because it is backed by a firm with an established reputation, a firm that is established permanently. We guarantee our stock to reach our customers in good condition. We guarantee that all trees and plants purchased from us shall be TRUE TO NAME as labeled. For any stock which does not prove true to name and as represented by us, and as bought by you, we are to make good your loss or damage by reason thereof at any time within ten years of the date of purchase. In event we cannot agree we are each to appoint one arbiter who shall choose the third and the award of a majority shall be binding on both parties. If there is any mistake in regard to the stock you purchase from us, we want you to tell us about it, and we will adjust the matter to your entire satisfaction. Our interest in the stock we send you does not cease when it leaves our hands. We believe our satisfied customers are our best advertisements.

THE COUNTRY IMPROVEMENT SPECIALISTS
December 3, 1923.

Houston's Nurseries,
Mansfield, Connecticut.
Gentlemen:

Fir trees sent November 10th arrived O. K. December 3rd and when unpacked and planted were alive and healthy which speaks volumes for the stock and your way of packing.

Wishing you continued success.

Very truly yours,

The Country Improv. Specialists,
Edward Choate Eaton.

Auburndale, Mass.

DWARF APPLE TREES

	Each	Ten
Largest Size 2 year 4 to 5 ft.	\$1.00	\$9.00
Medium Size 2 year 3 to 4 ft.	.90	8.00

Medium size 2 yr. 3 to 4 ft.	1.10 each	10.00 per 10
Champion	Orange	

Simsbury, Connecticut.

Mr. Byron D. Houston,
Houston's Nurseries,
Mansfield, Conn.

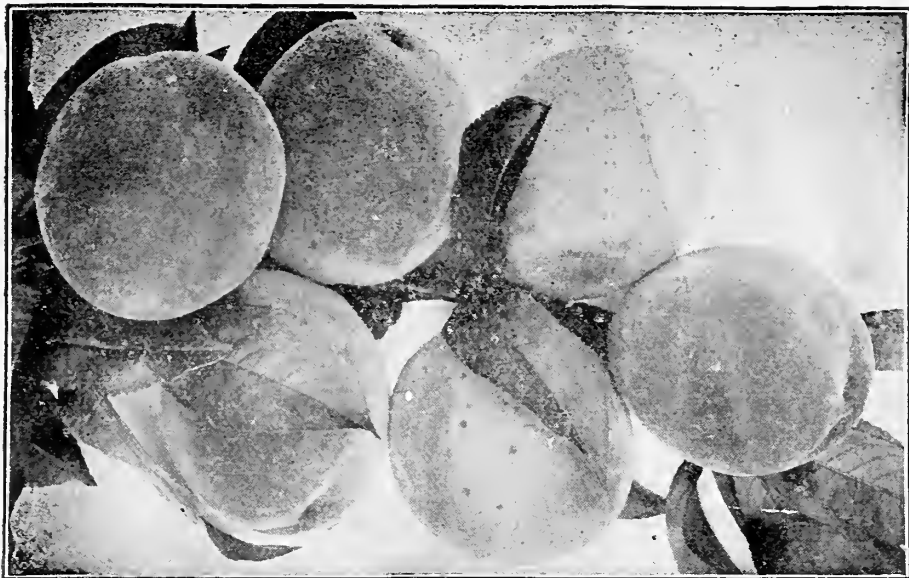

Dear Sir:

Fruit trees shipped by you to several of my clients the past season have been most satisfactory in growth as well as in the fine class of stock which you supplied. Both my clients and myself are particularly pleased with your stock and with your prompt shipments and general satisfactory business methods.

With best wishes for a successful season in 1924, I am,

Very truly yours,

THOMAS H. DESMOND,
Landscape Architect.

"Elberta"—King of Market Peaches

Keiffer	Golden Yellow		Nov.
Seckel	Russet		Oct.
Sheldon	Greenish Russet		Oct.
Bosc (25c extra per tree)	Russet		Oct.

To Whom it may Concern:

This is to certify that I live not far from the Houston Nurseries and have known Byron D. Houston for many years. I believe they are trying to give their customers good reliable stock at as reasonable prices as possible with the times.

They exercise every precaution to have their stock true to name.

Most sincerely,

A. T. STEVENS,
Professor of Vegetable Gardening,
Connecticut Agricultural College.

We Want You to be —SUCCESSFUL—

Your success is our chief concern—for every satisfied customer is a permanent customer.

You wish for success with your fruit, and we wish you to take the best of care of your fruit trees and plants so will answer all questions gladly.

Burbank Plums

Green Gage	Purple		Sept.
German Prune	Blue		Sept.

Storrs, Connecticut.

Mr. Byron Houston,
Houston's Nurseries, Mansfield, Conn.

My dear Mr. Houston:

The guarantee printed in many nursery catalogues is not sufficient protection for the grower who plants trees, waits several years and then discovers that his varieties are not true to name. The replacement cost of the trees is not sufficient reimbursement for the time and labor expended upon such untrue stock. The nurseryman who stands back of his trees and is willing to reimburse the grower to the extent of his loss is to be commended.

Nursery stock which is guaranteed true to name, must of necessity cost the nurseryman more to grow, and the buyer must be willing to pay the increased cost of such trees. The smaller nurseryman has the advantage in the growing of "true to name" stock, over the larger grower, because he can give the work his personal attention.

With best regards for your success, I am,

Yours very truly,

S. P. HOLLISTER,
Professor of Pomology,
Connecticut Agricultural College.

LET US HAVE YOUR WANT LIST. WE ARE ABLE
TO QUOTE ON MANY ITEMS NOT APPEARING
IN THIS BULLETIN.

We exercise great care in packing, all of which is done under cover in our modern storage of over 30,000 cu. ft. capacity.

GRAPES

25 cents each	\$2.00 per 10	\$15.00 per 100	
Concord	Purple	Delaware	Red
Worden	Purple	Brighton	Red
Moore's Early	Purple	Niagara	White
Special Prices on Large Quantities			

DISTANCE FOR PLANTING

Apples	30 to 40 feet
Standard Pears and Cherries	20 feet
Plums, Apricots and Peaches	16 to 18 feet
Dwarf Pears and Quinces	10 to 12 feet
Grapes	8 to 10 feet
Currants and Gooseberries	4 feet
Raspberries and Blackberries	4 to 5 feet
Strawberries for field culture	1 3/4 feet
Strawberries for hill culture	2 feet each way

The early varieties of apple as a rule do not make very large trees and should be planted closer than such varieties as Baldwin, Greening, etc.

"It's Not a Home 'Till It's Planted"

In passing some particularly attractive house, you have heard the exclamation, "What a beautiful place! That is a real home!"

Probably you have made that remark yourself.

There is no argument about the fact. Everybody agrees it is a real home.

But what makes it a real home? How does it differ from the hundreds of other homes you pass?

The planting—that's it!

Look, as you pass along, and you'll realize that

"IT'S NOT A HOME 'TILL
IT'S PLANTED!"

PHLOX

Pink, Lavender, Red, Purple, White

Price 25 cents each	Strong, Field Grown
GLADIOLUS—Our usual splendid mixture of colors,	
	.60 cents per 10, \$4.50 per 100
JAPAN IRIS	25 cents each 6 for \$1.25

RHODODENDRON, Maximum—Grows naturally from Canada to Georgia. The pinkish white flowers are produced in magnificently large clusters early in the summer. The oblong, dark green leaves vary from 6 to 10 inches in length. Besides being perfectly hardy, they will thrive in either sun or shade; therefore Rhododendrons are possibly our most valuable evergreen shrub for mass plantings.

12 to 15 inches, \$1.50 each.

AZALEA—Flowers of red, white, yellow and orange. Blooms in May and June. Color not guaranteed.
10-15 in. \$1.50 each.

Japan Maple (Blood red)	10-12 in.	\$1.00
Japan Maple (Greenish Red)	12-15 in.	1.00

Retinospora Obtusia	15-18 in.	1.00

Hawleyville, Conn., January 20, 1924.

Houstons' Nurseries,
Mansfield, Conn.

Gentlemen:

The trees purchased from you have been satisfactory in every way—every tree with fine roots and tops. All are making satisfactory growth.

I have a neighbor who is interested in your stock and has asked for your catalog.

Yours truly,

F. W. HAWLEY.

The above customer purchased nearly 1000 trees in 1923.

Hemlock	2-3 ft.	2.50
Juniper, Irish	24-30 in.	2.00
Mugho Pine (Dwarf)	12-15 in.	2.00

Is this not true? That a home, no matter how well built, if standing on a bare lot never causes a favorable comment. It's a few dollars invested in SHRUBS and ORNAMENTAL TREES that gives warmth to the house and greatly increases its value.

Thunberg's Barberry—A shrub of marked excellence on account of its bright green foliage which changes to brilliant colors in the fall, and its bright scarlet berries, which are very conspicuous throughout the winter. Their habit is dwarf and regular spreading. Grows well in the shade and extensively used in landscape work. Is very hardy, has never been known to winter-kill. It bears the shears well and makes a dense hedge.

		Per Hundred
Thunberg's Barberry	6-8 in. 2 yr.	\$5.00
Thunberg's Barberry	8-10 in. 2 yr.	10.00
Thunberg's Barberry	10-12 in. 2 yr.	15.00

Woodstock, Conn., December 31, 1923.

Mr. Byron D. Houston,
Mansfield, Conn.

Dear Mr. Houston:

The trees I have bought from you in the last three years have been all that I could ask for good size and vigor, and have made very good growth.

Yours truly,

WM. C. CHILD.

Norway Spruce

Waldron Farm, South Coventry, Conn.
Houstons' Nurseries,
Mansfield, Conn.
Gentlemen:

The five hundred (500) apple and peach trees that we purchased of you last year have made the most wonderful growth of any of the trees set out on our farm, (although we purchased trees from five other nurseries). Your trees are the most vigorous, healthy, largest and finest trees that we have ever planted.

Kindly enter our order for two hundred (200) Baldwin apple trees and five hundred (500) Elberta peach trees, to be delivered this spring.

Next year we are going to set out an orchard of fifty acres and from our past experiences, we shall certainly purchase all our trees from you.

Thanking you for past favors.

Very truly yours,

WALDRON FARM,

South Coventry, Conn.

Per William and Mary Waldron.

Jewett City, Conn., January 5, 1924.

Mr. Byron D. Houston,
Mansfield, Conn.

Dear Sir:

I always consider that I am doing anyone a favor when I recommend your nursery stock to them.

Your dealings with me have always been very satisfactory—your fruit trees are of the best.

Best wishes for the New Year.

Sincerely,

F. D. BROWNING, D.D.S.

Farmington, Maine, January 2, 1924.

J. R. Houston and Son,
Mansfield, Conn.

Gentlemen:

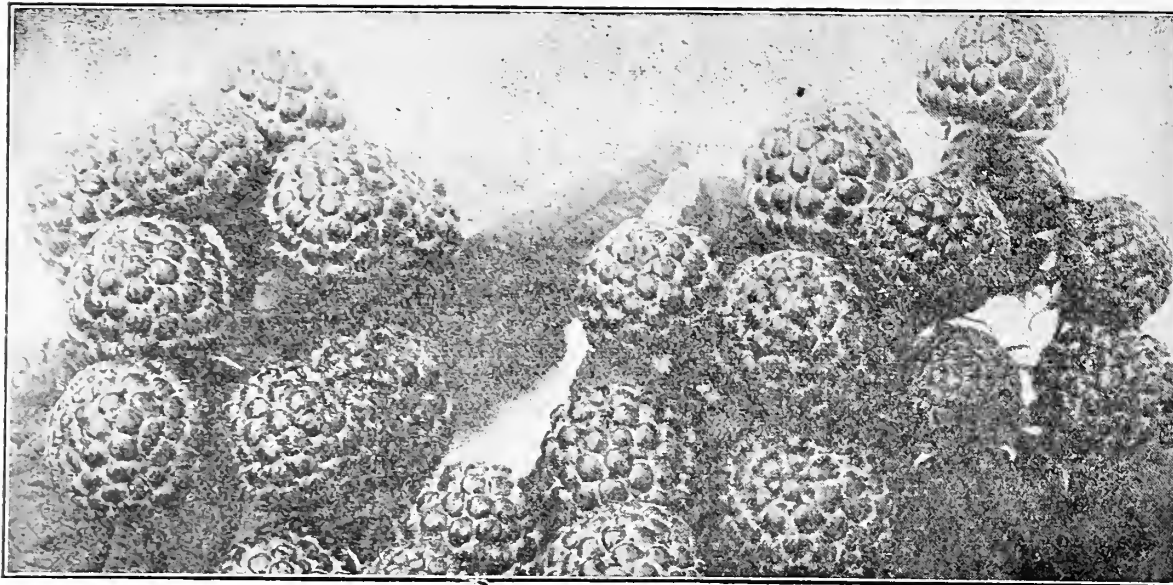

The plants, shrubs and trees received from you last spring were like others received during the past ten years—very satisfactory.

Thanking you for past favors, I am,

Very truly yours,

JOHN H. JONES,

VALLEY VIEW FARM.

Cuthbert Raspberries

RASPBERRIES

Without a doubt, Raspberries are the best paying of all small fruits—the Cuthbert and Perfection leading; the St. Regis proving unequal to the others as money-makers.

ROSES

Crimson Rambler Roses

There is perhaps no plant or flower so generally cultivated today as the Rose. Its wondrous beauty and fragrance makes it the most popular of flowers. For extensive grounds, small lawns, porch, trellis or hedges, Roses are used with charming effects. Many persons think it difficult to grow Roses, but such is not the case; good soil and a little care will insure fine hardy plants and beautiful blossoms. We have an exceptionally fine lot of Roses to offer this season, all No. 1, hardy field grown, two year old bushes. To be certain of varieties, please name substitutes to avoid delay in shipment, for we will not substitute without your permission.

ORNAMENTAL SHRUBS

The planting of ornamental shrubs is very largely on the increase, and this is as it should be, for with a good selection the lawn can always be beautiful. They are mostly of medium size, enabling one to plant a great variety on a small plot, and the wonderful assortment of foliage from the darkest green and purple to light orange and silver tints. This addition to the great variety in the blossoms, all unite to keep up a never failing interest. We have selected the very best for our climate.

HARDY FLOWERING SHRUBS
